FOR IMMEDIATE RELEASE:

AFT-Maryland Statement on Solidarity with All State Workers

Baltimore, MD- It is disheartening to know so many state workers who work side by side with our members are not getting their hard-earned 1% COLA that other state workers are getting. We have no desire to see a rift in labor between any state employee unions. Labor solidarity is something our entire state federation takes seriously and many of the workers who are missing out on this essential increase are our colleagues, coworkers and friends. Our state is a wonderful place to live and work because of the fantastic job that state workers do. We support our sisters and brothers in AFSCME and ask the Governor to honor his word to all state workers and provide them the 1% COLA that they deserve.
